# ...the express solution

The **Excelsior Express** cubicle range offers a low cost, easy to install washroom cubicle system.

All components are manufactured using high quality, moisture resistant and durable materials providing an express solution for your cubicle requirements.

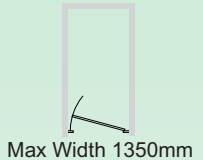

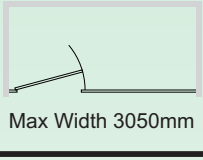

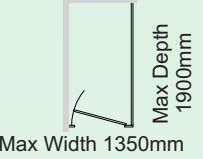

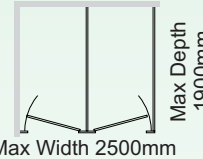

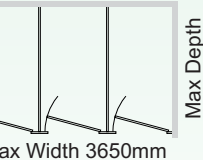

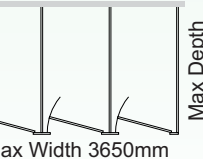

Cubicle partitions & pilasters are provided in light grey 19mm moisture resistant melamine faced chipboard with 1mm light grey pvc lipping.

Doors are manufactured using an ebony mist pattern finish 19mm melamine faced chipboard with 1mm light grey pvc lipping.

Colours have been purposely chosen not only to complement one another and the majority of neutral colour schemes, but also to ensure conformity with DDA regulations.

All packs are supplied at maximum size for trimming on site, trimmed edges will be concealed by aluminium channels. Express cubicles should not be exposed to areas of high humidity or excessive moisture.

To assist with estimating the cost of your cubicles we have listed a variety of typical cubicle layouts with the relevant item requirements: **Prices shown are ex-works and do not include delivery or VAT**

| Cubicle Layout  | Pack EX1 | Pack EX2 | Pack EX3 | Cost    |
|---|----------|----------|----------|---------|
| <br>Max Width 1350mm                       | 1        | 1        | 0        | £149.50 |
| <br>Max Width 3050mm                       | 1        | 1        | 1        | £246.50 |
| <br>Max Width 1350mm<br>Max Depth 1900mm   | 1        | 1        | 1        | £246.50 |
