

## Baby Change Range

WASHROOMS FOR ALL ENVIRONMENTS

# Baby Change Range

## Durable & attractive Baby Change surface finishes

At Excelsior we offer an extensive range of Baby Change stations.

There is an extensive array of finishes and styles for Baby Change stations dependant on budget, environment and available space.

Excelsior specialise in post-forming which offers the client seamless anti roll upstands.

Compact Density Fibreboard is offered as standard for all of our base frames, comprising of an enhanced moisture resistance ensuring longevity and complete customer satisfaction.

The vast array of possible top options and base units, allow the client to be creative and innovative with their choices, that coupled with Excelsior's bespoke manufacturing capabilities ensures an attractive combination.

### SGL

Compact Solid Grade Laminate

1. Protective overlay for printed decors.
2. Decorative paper on both sides impregnated with melamine resin.
3. Multiple layers of kraft paper impregnated with phenolic resin, to form a rigid exposed core with a radiused, polished edge.

High Pressure Laminate

1. Protective overlay for printed decors.
2. Decorative paper impregnated with melamine resin.
3. Layers of kraft paper impregnated with phenolic resin, to be bonded onto MR core.

### CDF

Compact Density Fibreboard

1. Protective overlay for printed decors.
2. Decorative paper on both sides impregnated with melamine resin.
3. Compact Density Fibreboard core.

# Baby Change Specifications

## Magma Baby Change Range

### Specifications

#### Profile Options:

- 560mm bed depth x 800mm overall height (75mm upstand front & rear)

#### Worktop Specification:

- (a) 13mm Solid Surface

#### Panel Specification:

- High Pressure Laminate bonded onto 18mm MR MDF core
- Panels post lipped with 2mm ABS edge finish or Postformed Vertical edges

#### Underpanels Fascia/ Shadowgaps:

##### Dry Areas:

- High Pressure Laminate bonded onto CDF Core
- All edges as cut
- All seen edges post lipped with matching 2mm ABS edge finish

## Mariner SGL Baby Change Range

### Specifications

#### Profile Options:

- SGIN1 - 600mm bed depth x 800mm overall height (75mm plant on upstand 200mm plant on downstand)

#### Worktop Specification:

- 12mm Solid Grade Laminate
- Plant on upstand & front downstand

#### Panel Specification:

- 12mm Compact Solid Grade Laminate
- Black core radius & polished edge finish

#### Underpanels Fascia/

##### Shadowgaps: Dry Areas:

High Pressure Laminate bonded onto CDF Core

All edges as cut

##### Wet Areas:

- 12mm Compact Solid Grade Laminate
- Black core edges as cut

## Select HPL Baby Change Range

### Specifications

#### Profile Options:

- 600mm bed depth x 800mm overall height (75mm upstand front & rear).

#### Worktop Specification:

- HPL bonded onto CDF Core (12mm O/A)
- Plant on 275mm upstand/downstand

#### Panel Specification:

- High Pressure Laminate bonded onto 18mm MR MDF core
- Panels post lipped with 2mm ABS edge finish or Postformed Vertical edges

#### Underpanels Fascia/ Shadowgaps:

##### Dry Areas:

- High Pressure Laminate bonded onto CDF Core
- All edges as cut
- All seen edges post lipped with matching 2mm ABS edge finish

#### Frame Construction/System Support:

- Panels fix onto frontage framework using hook on or push fit clips
- Worktop Subframe - 18/36mm MR MDF pre-assembled frame with WBP plywood support rails
- Hinged access panels c/w keyed budget lock available at additional cost

Colour Selections: Excelsior preferred cubicle & washroom colour selection.

# BIM Objects - Typical Layout

## Downloadable BIM Objects

Our BIM Families are a time saving development with fully functional parametric objects. This highly acclaimed 3D model-based process is specifically designed for Infrastructure and Building projects. It offers many benefits to owners that enable simplicity for project management.

- Visualisation of designs
- Simulation of multiple design ideas
- Productivity improvement
- Analysing and testing of application and performance

BIM enables collaborative working; management of information as 'one team' within a digital model holding all the information required to design and construct the project from conception to completion.

If you would like to register and download our BIM families please visit our website [www.excelsior-cubicles.co.uk/bim-objects](http://www.excelsior-cubicles.co.uk/bim-objects)

## From creation to installation... you can rest assured

Excelsior have undertaken the manufacture, supply and installation of bespoke washroom products in all washroom environments since 1978. We have a wide selection of safe, attractive and reliable systems to suit all applications, from Nursery Schools right through to Leisure Centres and Hospitals.
