

## **Cantilever Vanity Unit Range**

WASHROOMS FOR ALL ENVIRONMENTS

# Cantilever Vanity Unit Range

## Durable & attractive vanity surface finishes

At Excelsior we offer an extensive range of fully framed & cantilevered Vanity Units providing our customers an excellent selection of worktop surface finishes to suit all environments.

There is an extensive array of finishes and styles for Vanity Units dependent on budget, environment and available space.

As a guide Excelsior's standard cantilever vanities are 600mm to accommodate an inset or sit on bowl suited to a larger washroom.

Excelsior specialize in post-forming which offers the client increased security against water ingress at the upstand and down stand junctions.

The vast array of possible combinations of base units & cantilever vanity top material and bowls allow the client to be creative and innovative with their choices, that coupled with Excelsior's bespoke manufacturing capabilities ensures an attractive combination.

### SGL Compact Solid Grade Laminate

1. Protective overlay for printed decors.
2. Decorative paper on both sides impregnated with melamine resin.
3. Multiple layers of kraft paper impregnated with phenolic resin, to form a rigid exposed

### HPL High Pressure Laminate

1. Protective overlay for printed decors.
2. Decorative paper impregnated with melamine resin.
3. Layers of kraft paper impregnated with phenolic resin, to be bonded onto MR core.

### CDF Compact Density Fiberboard

1. Protective overlay for printed decors.
2. Decorative paper on both sides impregnated with melamine resin.
3. Compact Density Fiberboard core.

# Cantilever Vanity Specifications

## Magma Vanity Unit Range

### Specifications

#### Profile Options:

- **SSIN1** - 560mm bed depth x 800mm oa/ height (75mm upstand) 100mm down stand to suit Inset WHB
- **SSIN2** - 560mm bed depth x 800mm oa/ height (no rear upstand) 100mm down stand to suit Inset WHB

#### Worktop Specification Options:

- (a) 13mm Solid Surface
- (b) 20mm Granite
- (c) 20mm Quartz Conglomerate

#### Support:

- Powder coated steel bracket

## Mariner SGL Vanity Unit Range

### Specifications

#### Profile Options:

- **SGIN1** - 600mm bed depth x 800mm o/a height (75mm plant on upstand) 200mm plant on down stand to suit Inset WHB
- **SGIN2** - 600mm bed depth x 800mm o/a height (no rear upstand) 200mm plant on down stand to suit Inset WHB

#### Worktop Specification:

- 12mm Solid Grade Laminate
- Plant on rear upstand & front down stand subject to profile selection

#### Support:

- Powder coated steel bracket

## Select HPL Vanity Unit Range

### Specifications

#### Profile Options:

- **HPIN1** - 600mm bed depth x 800mm oa/ height (75mm upstand) 200mm down stand to suit Inset WHB
- **HPIN2** - 600mm bed depth x 800mm oa/ height (no rear upstand) 200mm down stand to suit Inset WHB

#### Worktop Specification:

- HPL bonded onto CDF Core (12mm O/A)
- Special CNC and post-formed integral rear upstand and front down stand

#### Supports:

- Powder coated steel bracket

#### Frame Construction/System Support:

- Powder coated steel bracket
- Frontage Panels fix onto frontage framework using hook on or push fit clips
- Worktop Subframe - 18/36mm MR MDF pre-assembled frame with WBP plywood support rails
- Hinged access panels c/w keyed budget lock available at additional cost

# BIM Objects - Typical Layout

## Downloadable BIM Objects

Our BIM Families are a time saving development with fully functional parametric objects. This highly acclaimed 3D model-based process is specifically designed for Infrastructure and Building projects. It offers many benefits to owners that enable simplicity for project management.

- Visualization of designs
- Simulation of multiple design ideas
- Productivity improvement
- Analyzing and testing of application and performance

BIM enables collaborative working; management of information as one team' within a digital model holding all the information required to design and construct the project from conception to completion.

If you would like to register and download our BIM families please visit our website [www.excelsior-cubicles.co.uk/bim-objects](http://www.excelsior-cubicles.co.uk/bim-objects)

## From creation to installation... you can rest assured

Excelsior have undertaken the manufacture, supply and installation of bespoke washroom products in all washroom environments since 1978. We have a wide selection of safe, attractive and reliable systems to suit all applications, from Nursery Schools right through to Leisure Centers and Hospitals.
