

# excelsior<sup>®</sup>

washrooms for all environments

CASE STUDY

**Client:** Goodman

**Contractor:** Kier

**Architect:** Frank Shaw Associates Ltd

**Location:** Gloucestershire

**Completion Date:** December 2015

Gloucester Business Park, Plot 1420 takes the form of three buildings grouped around a landscape courtyard. The buildings are split into six self-contained units which are sub-divided floor by floor. Excelsior, engaged by Kier Central, completed washroom installations over 3 floors. Plot 1420 won Kier Central Site of the Quarter for Jan-March 2015. The site scored 100% when externally audited by the BSI for Quality and Environmental Performance.

Nick Flexen-Cook at Kier Construction has said "Plot 1420 was delivered by the best, highest performing team that I have ever been privileged to be a part of. The tenant is rightly delighted with their facility which exceeds their expectations"
