washrooms for all environments

## Senator Cubicle Range

WASHROOMS FOR ALL ENVIRONMENTS

# Senator Cubicle Range

## An elegant and prestigious framed system

The Senator range is a perfect solution where the client requires a 'touch of class' and is equally at home in all environments ranging from prestigious office developments, schools, colleges and leisure facilities. Extruded aluminium profiles and colour co-ordinated panels, produce a most striking visual effect.

SENATOR's design allows inward and outward opening cubicles to be placed side by side. This provides the ability to incorporate DDA cubicles without altering the external appearance. The SENATOR indicator bolt is also easily operated by people of all ages and abilities.

Profiles are available in a wide choice of colours and combined with a multitude of laminates, melamine's, solid laminates, textures and patterns, SENATOR remains the most versatile, adaptable system on the market.

Non-standard powder coated hardware finishes can be supplied

which may incur additional cost. Wall & duct panelling and fully framed vanity units can be supplied to complement this system. The Senator range is available on a typical delivery period of 3-4 weeks from receipt of approved drawings and confirmation of all colour finishes.

Installation by Excelsior is strongly recommended but not essential as a full set of fixing instructions and technical information is provided with the system.

### Aluminum Ironmongery

1. Indicator Faceplate
2. Indicator Slide Bolt
3. Aluminium Leg
4. Aluminium Hinge

# Senator Specifications

## Senator 12mm SGL Cubicles

### Specifications

#### Pilasters & Headrail:

- Elliptically profiled Extruded Aluminium SAA as standard
- Hybrid & Nickel powder finishes available upon request

#### Doors & Divisions Panel Specification:

- 12mm Compact Solid Grade Laminate
- Black core radius & polished edge finish

#### Standard Dimensions:

- 2000mm overall height (including 150mm ground clearance) x 1500mm deep

#### Ironmongery:

- Rise & fall aluminium hinges  
Ref: EXH-A13
- Indicator & Keep - Ref: EXL-A13
- Leg 150mm - Ref: EXL-A150
- Coat Hook - Ref: EXCH-A13
- Brackets - 13mm SAA Division U-Channel  
13mm SAA Wall Pilaster J-Channel

*Toilet Roll Holders & Accessories  
available upon request.*

## Senator 20mm HPL Cubicles

### Specifications

#### Pilasters & Headrail:

- Elliptically profiled Extruded Aluminium SAA as standard
- Hybrid & Nickel powder finishes available upon request

#### Doors & Divisions Panel Specification:

- HPL bonded onto 18mm MR core
- 2mm ABS edge finish

#### Standard Dimensions:

- 2000mm overall height (including 150mm ground clearance) x 1500mm deep

#### Ironmongery:

- Rise & fall aluminium hinges  
Ref: EXH-A20
- Indicator & Keep - Ref: EXL-A20
- Leg 150mm - Ref: EXL-A150
- Coat Hook - Ref: EXCH-A20
- Brackets - 20mm SAA Division U-Channel  
20mm SAA Wall Pilaster J-Channel

*Toilet Roll Holders & Accessories  
available upon request.*

## SGL Compact Solid Grade Laminate

1. Protective overlay for printed decors.
2. Decorative paper on both sides impregnated with melamine resin.
3. Multiple layers of kraft paper impregnated with phenolic resin, to form a rigid exposed core with a radiused, polished edge.

## HPL High Pressure Laminate

1. Protective overlay for printed decors.
2. Decorative paper impregnated with melamine resin.
3. Layers of kraft paper impregnated with phenolic resin, to be bonded onto MR core.

**Ironmongery Finish:** As specification options above (available with powder coated indicator faceplates if extrusions are powder coated).

**Colour Selections:** Excelsior preferred cubicle & washroom colour selection.

**Special Notes:** Outward opening doors complete with back to back Aluminium 'D' Handles and full length 'Z' Section door Stop/Keep

We recommend that outward opening doors open onto an adjacent solid wall to prevent overstrain on hinges.

# BIM Objects - Typical Layout

## Downloadable BIM Objects

Our BIM Families are a time saving development with fully functional parametric objects. This highly acclaimed 3D model-based process is specifically designed for Infrastructure and Building projects. It offers many benefits to owners that enable simplicity for project management.

- Visualisation of designs
- Simulation of multiple design ideas
- Productivity improvement
- Analysing and testing of application and performance

BIM enables collaborative working; management of information as 'one team' within a digital model holding all the information required to design and construct the project from conception to completion.

If you would like to register and download our BIM families please visit our website [www.excelsior-cubicles.co.uk/bim-objects](http://www.excelsior-cubicles.co.uk/bim-objects)

From **creation** to **installation...**  
you can rest assured

Excelsior have undertaken the manufacture, supply and installation of bespoke washroom products in all washroom environments since 1978. We have a wide selection of safe, attractive and reliable systems to suit all applications, from Nursery Schools right through to Leisure Centres and Hospitals.
