washrooms for all environments

CASE STUDY

Client: Wolverhampton Wanderers Training Ground

Contractor: Three Pines Building Co. Ltd

Location: Wolverhampton

Completion Date: February 2020

We are proud to have worked alongside Three Pines Building Co. to create this completely bespoke changing area for Wolverhampton Wanderers Training Ground. This changing room is fitted out with 20mm HPL panelling to create individual changing pods, along with a large central Laundry Unit, manufactured to match.

The refurbishment ran alongside work to the Manager's office, Referee's room, Player's lounge, Broadcast Interview room, Kit room and Medical room, to completely update the club in time for their new season.
