washrooms for all environments

## CASE STUDY

**Client:** Yorkswood Primary School

**Contractor:** Interclass Plc

**Architect:** Solihull Council

**Location:** Birmingham

**Completion Date:** Ongoing

Working alongside Solihull Council and Interclass Plc, Excelsior are proud to have been a part of Solihull's Regeneration Project, investing in the area through the creation of new schools, housing, parks, village centres, and local enterprise.

Yorkswood Primary in Kingshurst, now nearing completion, is the seventh primary school to be rebuilt in North Solihull, marking the close of the Council's North Solihull Primary Programme. The £5.7m new school will replace the current outdated buildings as part of the £60m scheme in place to improve every single primary school in the North Solihull Regeneration Area benefitting the learning of over 4,000 children.

Combining bright, vibrant colours with profiled, low level doors, our Harlequin Mariner and Peardrop Ranges were specifically designed and installed to work perfectly within the new innovative school.
